- 3 Seat Heights
- 18 Standard Shell Colors
- Blushing / Antistat Additive

Euroflex™ Combo w/bookbasket Specifications

Frame: 1-1/8" diameter, 16-gauge tubing legs swaged to 7/8" . 3/4", 16-gauge side brace mig welded to both front and rear leg support, and top support. 1-1/8", 16-gauge top support forms a complete "U" underneath the desktop for full support and unrestricted entry. The rear legs and top support are welded to two seat brackets of 13-gauge die-formed steel, integrally tying all tube parts for maximum structural integrity. Frame is chrome plated after all welding is complete.

Bookbasket: 8-1/2" x 12" x 11-1/4" made of 1/4" steel rod and welded to the frame at four points.

Glides: Glide base material will be thermo-molded from synthesized hybrid copolymers. Glide attachment will be a standard internal gripping spring steel umbrella at least 5/8" diameter or larger. The glide will have a ferrule. Glide casing and ferrule shall be constructed of durable case hardened steel; no plastic. The glide will be of full swivel design, silent and firm fitting for positive attachment and retention. All glides must make full level contact with the floor and the maximum swivel angle of the glide shall not be violated.

Euroflex™ Shell: Generously sculpted one-piece shell is injection molded from proprietary high impact, blush resistant polypropylene plastic with and antistatic additive. Collaborative seat design can be comfortably sat in all four directions. Dual textured surface is etched to provide a non-slip surface while assisting in maintaining like-new appearance. Responsive, active, back encourages proper task position as well as ventilation. Seat back incorporates handle for movement. Innovative design and rib pattern transfers weight to the frame while adding rhythm and movement. Mobility wings in seat provide more surface and grips for movement. Shell design allows inverted stacking on desk for floor maintenance. The shell is attached to frame with four concealed machine rivets. Waterfall front for enhanced circulation. Exclusive dual-stacking design.

Shell Colors: Available in standard Black, Navy, Wine, Taupe, Hunter, Mint, Green Apple, Teal, Cardinal, Sky, Sunflower, Sunset, Slate, Copper, Orchid, Violet, Java, and Burnt Orange.

Top: Solid molded thermo-set plastic (18" x 24" x 5/8") with smooth molded edges, pencil groove and homogeneous color. Top is attached using self-tapping screws into seven uniformly drilled holes.

Optional Collaborative Top: Solid molded thermo-set plastic (20" x 21" x 27") with smooth molded edges, pencil groove and homogeneous color. Top is attached using self-tapping screws into seven uniformly drilled holes.

Top Colors: Available in standard Sand and Slate. Optional Charcoal, Grey Nebula, Maple, Oak, Mahogany, and Walnut

Warranty:

- Limited lifetime frame warranty
- Ten Year Comprehensive Warrant

Models:

- 3918•18" Seat Height
- 3916•16" Seat Height
- 3914•14" Seat Height

Standard Hard Plastic Top Colors: Beige and Grey

Optional Hard Plastic Top Colors: Grey Nebula, Charcoal, Maple, Oak, Cherry, Walnut, and Mahogany.
