Aptitude™ Teacher's Desk Specifications

Pedestal Case: 12 gauge x 1.9" round tubing. Support is bent on 3" center line radius for superior strength. Support gusset integrally welded on lower angle to minimize vibration. All holes and welding performed prior to powdercoating.

Modesty Panel: 14-gauge steel full-height modesty panel is attached to the cantilever-style legs with four heavy-duty hex bolt/hex sleeve combos. The panel is also connected to the top for rigid, yet quiet operation.

Mobile Pedestal(s): Heavy-gauge powder-coated body on five high quality casters. Pedestal dimensions (outside) are 15.5" Wide x 25.25" High x 21.5" Deep. Lockable three drawer unit. Drawer dimensions (inside) are 12.5" Wide x 3.5" High x 17" Deep. Upper drawer includes removable organizer. The file drawer dimensions are 12.5" Wide x 10" High x 16" Deep - locks open. File drawer includes divider and legal folder rail.

Center Drawer \ Keyboard Tray: Overall dimensions are 20.75" Wide x 12" Deep x 4" (adj to 3.25" or 2.5") High. Lightweight high-impact Injection molded plastic. Includes keyboard wrist support with built in pencil trays and paper clip/sticky note slot. Unit locks in open position for keyboard use.

Wood Core Top: 1-1/8" wood core, medium density, 45lbs. industrial grade particleboard. Properties meet or exceed ANSI 208.1 specifications. All corners radiused for safety.

T-Mold Edge Banding: 1-1/8" vinyl heavy-duty "T" molding is inserted directly into the core. The molding has a convex shape which flattens against the core as it is applied. The T-molding is nailed in place from the underside of the top to ensure proper placement.

Fused Top Construction: Three-ply construction. High pressure laminate and backer are 'fused' to the wood core base using a glue web formulation that is clean, environmentally safe, extremely consistent. Fused tops are well balanced on both sides to help prevent moisture absorption and warping.

Laminate: Wilsonart®- High-Quality High-Pressure Laminates. Laminate is .030 thick and meets or exceeds LEMA LD3-1980 specifications.

Top Colors: Any Wilsonart® -60 laminate.

Glide/Casters: Unit comes standard with four heavy-duty adjustable glides. Optional skate casters are available at an upcharge.

Standard Metal Finishes: (Electrostatically applied powder epoxy) and are available in Black.

Warranty:
 ● Limited lifetime frame warranty
 ● Two year finish/wearing parts warranty

Models:
 ■ 4710 • 30" x 48" x 29-1/2" Single pedestal
